The Master Plan for the proposed Distribution Centre showing the part dual carriage-way widening of the A508 to Road

Major Development Proposal at Junction 15 - The hard questions .

Property developer Roxhill has joined with Courteenhall Estates to promote a 2m sq ft National Distribution Centre for kitchen manufacturer Howden's, on farmland adjoining Junction 15.

The development will be double the size of Howden's existing Distribution Centre at Brackmills. In 2013 its fleet of 90 HGV's delivered 90,000 loads to its 559 depots every week.

The consultation leaflet delivered to households in the area failed to mention Collingtree on its location map. An exhibition of site plans was held at the Hilton Hotel on 16th July and details from this are on website www.northampton-gateway.co.uk/howdens.

As with all planning proposals there will be many pros and cons but most of the hard questions have yet to be answered:

- Is it wise to build on yet more farmland when we

are having to import more and more of our food ?

- How does this site fit with the Strategic Plan for the area which currently identifies more sustainable sites with access to Junction 16 ?

- With the M1 corridor already exceeding Air Quality limits, how will emissions from the additional vehicles using the site be controlled ?

- The proposal offers to provide 'significant improvements to the existing problems' at Junction 15. Can this really be achieved by simply installing more traffic lights and widening slip roads ?

Although the proposed site mainly affects Northampton, the planning application, expected later in the year, will be decided by South Northamptonshire District Council in Towcester. Comments can be sent to SNC Planning Dept.

SPORTS CLUBS

Collingtree Cricket Club

July has seen the fortunes of the cricket team improve with the team getting back to winning ways. An enjoyable trip was made to New Malden at the start of the month with a win by 176 runs. Three batsman scoring over 50, Stuart Brown, John Bishop and Tom Pedel and Ashley Smith got a hat trick with the ball and taking 5 wickets in total. The following week away at Old was a closer win by 33 runs. with Rob Flight top scoring with 78 runs and Dan Harris taking 5 wickets. On 21st July in a rearranged fixture Collingtree won away at Olney. Two midweek games were also played and

won. August fixtures on Sundays are all away with the exception of 24th August when Collingtree play Huncote at home at 2pm. There is also a mid week game at Castle Ashby on 21st August.

PARISH COUNCIL NEWS PARISH CLERK: TESS TAYLOR 07729784653 E: collingtreeparishcouncil@gmail.com

Parish Council Meeting Minutes The draft minutes of the Annual Parish Meeting on 23rd April are now in the noticeboards and will stay there for most of this year.

Parish Council Audit The audit has now been completed by national auditors. The finances are sound but one piece of paperwork was not properly minuted. However, another comment made on our paperwork has now been found to be incorrect - what a tangled web is weaved!

Ash Lane Traffic Calming The scheme is being considered further and information should be available for discussion at the next Parish Council meeting on 10th September.

PLANNING MATTERS

Golf Course development The latest letter, dated 21st July from Northamp-

ton Borough Planning (NBC) which includes corrected dates, shows that revised plans have been submitted and a further round of public comment has begun. After a meeting with the planners on 30th July, the Parish Council will repeat comments agreed at the public meeting but there is a great need for people to make their own responses. The planning application numbers are N/2013/1035 & N/2013/1063 and they can be accessed on the NBC website www.northampton.gov.uk/northampton/southsue followed by outline for 1035 or detail for 1063.

Howden Proposals for S/W of J 15 Following the leaflets through letterboxes, quite a few parishioners attended the display of the proposals at the Hilton Hotel on 16th July and were able to leave comments on what is not yet a planning application. Concerns appeared to be the size of the building,

noise, 24 hour working lorries in and out and affects on traffic and pollution. The roundabout change may be useful but if a planning application is agreed for the green space outside the NBC boundary to the south, there will be the danger of urban sprawl to Roade.

Silverstone Park & Ride/ Watering Lane

There is no further information but our County Councillor Phil Larratt is trying to arrange another meeting of interested parties and this was promised for after the Grand Prix on 5th July. The Park & Ride at Sixfields appeared to work effectively for Silverstone's needs.

Please make any contact with the Parish Council through the Clerk (details above)

Next Meeting: Wednesday 10th September 7.30pm Collingtree Village Room

Collingtree News is produced and delivered to every household each month, at no cost to the parish.

The support of the Parish Council and the Women's Institute is gratefully acknowledged. We also appreciate the support of our regular Sponsor, Central Foods.

- On Saturday 26th July, a small working party carried out a full 'deep clean' of St Columba's Church. The operation was efficiently organised by Pam Jackson who also provided coffee and chocolate buns.

News from Hunsbury & Collingtree Residents Alliance

Many people who have already commented or objected to the Bovis application to build 1,000 houses between Collingtree and East Hunsbury, will recently have received a further letter from Northampton Borough planners.

Bovis has now submitted revised details in an effort to deal with the queries raised by individuals and statutory bodies.

The documents are very lengthy although there are no significant changes. They can be found on

<http://www.northampton.gov.uk/northampton-south-suedetail>

Comments should be sent to Rita Bovey at NBC Planning Dept, The Guildhall. Despite the 21 day deadline quoted, comments can be considered right up to the Planning Committee meeting—whenever that might be.

HCRA believe that the fundamental issues relating to Traffic (including air and noise pollution) and flood risk have still not been satisfactorily addressed. It is not clear from the documentation whether bodies like the Environment Agency and County Highways have endorsed the plans and everyone is still waiting for the Inspector's report on the whole principle of development of the SUE 5 site.

The three councils (NBC/SNC & Daventry) that make up the West Northamptonshire Planning Committee, held a shambolic meeting on 8th July at the Northampton Guildhall attended by 100 observers from the public. It was difficult to know what was going on because the sound system broke down. All that seemed to happen is that the Chairmanship of the WNJPC passed to South Northants Council from Daventry and the Vice Chairmanship passed to Daventry from South Northants. The Northampton Borough representatives remain sidelined even though the main impact of the proposed expansion programme falls on Northampton. More details on www.HCRA2013.co.uk
