March 2014

## What next !

*For such a small village , Collingtree has seen more than its fair share of change. Far from being a sleepy backwater resistant to new development, the number of houses has doubled in the last 20 years and the village lives daily with the growing pressure of the M1, Junction 15 and the A45 Trunk road.*

*Other development issues in the pipeline include:*

*1. The two planning applications by Bovis for over 1,000 houses on farmland and floodplain—are still being considered by NBC. This is due for decision by end of March but may have to await a report by the Independent Planning Inspector into expansion plans for the whole of Northampton. A further stage of the Inspector's examination begins on 18th March.*

2. Some residents in Ash Lane have been asked by the County Council, for their views on relocating the Bus Stops in this area. This would involve two new stops, one on each side of Ash Lane.

It is not clear whether this would mean the removal of the existing Stop and Shelter at the cross-roads.

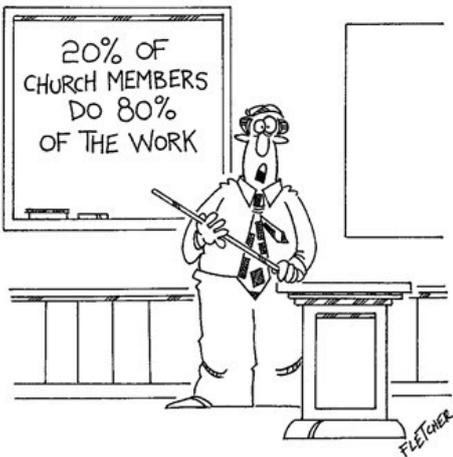

Because of increased traffic through the village, County Highways have been asked to consider a 20 mph limit along the whole Ash Lane/Watering Lane route. This may help slow traffic through the cross-roads and hopefully would not require speed humps.

3. The agricultural land alongside Watering Lane (owned by the County Council) currently has no tenant. Everyone, including the Allotment Association, is keen that the land is under cultivation as soon as possible. NCC say they are in negotiation with possible tenants. However, other sources reveal that their Estates Officers are still promoting the land as a Park & Ride for Silverstone Race Days.

4. Northampton Borough Council has now decided that the cost of making necessary improvements to its houses at Tom's Close, are not economic. They have informed all residents that the houses are to be demolished and the site redeveloped.

PARISH COUNCIL NEWS PARISH CLERK: TESS TAYLOR 07729784653 [tessajaylor@icloud.com](mailto:tessajaylor@icloud.com)

**Ash Lane Traffic Calming** Creation of a 20mph limit, with traffic calming, to Ash Lane. This will mean that all roads off the crossroads will be covered by the 20mph limit. A scheme is being designed by the highway engineers and will be discussed at the next Parish Council meeting on 12<sup>th</sup> March when a highways representative will attend.

**Dogs on footpaths** Please remember that dogs walked along public footpaths should be under close control and stick to the permitted paths. When there is livestock in the field, the Countryside Code recommends dogs should be kept

on leads to avoid possible danger to livestock, dogs and their owners.

### Planning matters.

**Golf Course development** The target date for the Bovis application to be processed is still the end of March. The meetings before the Planning Inspector are still planned for March 18<sup>th</sup> onwards.

**Tom's Close** Proposals by Northampton Borough Council (NBC) for the redevelopment of Tom's Close will be discussed at the next Parish Council meeting on 12<sup>th</sup> March when

representatives from NBC will attend

**Playing Field** The excessively wet weather has meant that tarmac road planings have been put down in the field entrance and more have been added. Please use the parking in the field whenever possible and do not park in the gateway.

*Please make any contact with the Parish Council through the Clerk (see above).*

Minutes of all meetings are placed in Parish Council noticeboards and e-mail versions can be obtained from the Clerk.

### Hunsbury & Collingtree Residents Alliance - Update

[www.HCRA2013.co.uk](http://www.HCRA2013.co.uk)

*"It would be absurd, given the knowledge we now have, to build houses or anything else, on a flood plain".*

*(Owen Patterson Environment Secretary)*

On this basis it might be thought that the plan for 1,000 houses with road access through the Wootton Brook flood plain, would be 'dead in the water'. However it remains in the expansion strategy promoted by the West Northamptonshire Joint Planning Unit. This strategy will be reviewed again by an Independent Inspector when he restarts his examination on 18th March. At the moment the strategy is not supported by Northampton Borough Council and the County Council and therefore is being pushed through by Daventry and South Northants councillors.

A second meeting to approve the strategy had to be arranged because the earlier meeting at Northampton was later judged to be invalid. To the annoyance of the public who were at the first meeting, the replay was held in Daventry with insufficient places for the hundred or so people attending (many from Collingtree) and severe limitations on who could speak.

The County Council has now said formally that they wish to see any major housing developments directed to the north of the town and want to avoid any further pressure on the A45 and Junction 15.

The Independent Inspector will have to take all this into account in producing his final report.
