An Inspector Calls

A long running Collingtree drama to rival Priestley's classic thriller, nears its climax this month.

A Public Inquiry opens on 1st December at Franklins Gardens when a Planning Inspector will examine an appeal by Bovis against the refusal of its two planning applications.

The Developer has been trying for nine years, to build a thousand plus houses on the land locked greenfield site between East Hunsbury and Collingtree. The Bovis development would treble the size of the parish and funnel yet more traffic onto already congested residential roads and the frequently blocked A45.

Therefore the Inspector's task should be clear cut.

Northampton Borough Council has already rejected the site as a sustainable part of its expansion strategy - its Planning Committee has refused two specific applications - the development is opposed by all local councillors, both MP's, both Parish Councils and a broad alliance of residents groups surrounding the site. Recent research shows that the UK has unused brownfield sites that could accommodate over 1m new homes.

But - local councils are strapped for cash in fighting appeals. Already the threat of legal costs has forced NBC to back down on the three key issues of flood risk, traffic congestion and air pollution.

It is now left to local groups and individual politicians to make sure that the Inspector takes full account of all the issues affecting the site and listens to real life experience as well as the arguments of paid lawyers. A drive along Rowtree Road at peak hours should convince anyone!

PARISH COUNCIL NEWS

PARISH CLERK: SHIRLEY WONG 01604 700691 E: collingtreeparishcouncil@gmail.com

CHAIRMAN: MALCOLM BRICE 01604 764723

Golf Course development The Bovis Appeal Inquiry starts on 1st December at the Saints ground. Members of the public are able to attend and may be able to speak at the discretion of the Chairman.

Parish finances The November meeting included discussions on the setting of the precept for 2016/7, the money the Parish Council seeks from your local taxes. The Parish Council is minded to ask for £16,000, an increase on the £12,000 this year but this may need to rise to £18,000 for highway matters. The final decision will be taken in the meeting on January 13th, 2016.

Playing Field matters The playing field gate must always be left locked as this prevents any traveller incursions! Should this not be possible, or it has been left open, please notify the Parish Council Clerk.

Streetlights Any faulty lights should be notified to the Parish Council Clerk or Chairman. It is possible for parishioners to report incidents or faulty street lights themselves if they so wish by using the numbers on the lamp posts.

The contact for most village lights is E.ON on 01604 493743. For Collingtree Park lights and those in Glebe Farm Close, the contact is Balfour Beatty on 0300 126 1000 option 4.

Trees and bushes alongside pavements Will all residents please continue to check that any trees or bushes alongside pavements are kept pruned back so that the full width of the pavement is clear and fully accessible. There are several wheelchair users in the village and obstruction of pavements is an offence.

Watering Lane Vehicles parking towards the top of the road tend to cause drivers leaving the village to move towards the wrong side of the road. This results in

difficulties, especially when the low winter sun shines into their cars. As there have been several near misses, one involving a bus, at the bend in the road near Toms Close, the Parish Council is to seek double yellow lines to run from outside no 27 Watering Lane to Toms Close.

Parish Council contact

Please make any contact with the Parish Council through the Clerk, Shirley Wong, contact details above.

The next Parish Council Meeting will be held on Wednesday 13th January, 2016 at 7.30 in the Village Room.

Minutes of all meetings are placed in the Parish Council notice-boards and email versions can be gained from the Clerk.

Minutes and accounts now also appear on the Just Collingtree website :

Planning Watchdog

Wrong Targets Green field land is being wrongly approved for housing development because local councils set building targets based on 'made up numbers'. New research by CPRE shows that council targets are artificially inflated and based on guesswork rather than fact. House builders are still only building at the same rate as they always did, but have many more sites to choose from. Increasingly they choose green field sites in the countryside and leave brown-field sites - that could provide up to a million homes - standing idle.

Bovis Appeal Inquiry The Inquiry will be held in the Conference Suite at the Saints Ground, Franklin Gardens, Weedon Road. It will start at 10am on Tuesday 1st December and is expected to last 10 days (1st to 4th December - 10th & 11th December - 15th to 18th December) The public can attend and at the discretion of the Inspector, express their views. Parish Notices

- Rhonda (Ronnie) Warwick and her late husband John, have been an integral part of Collingtree life for longer than most folk can remember. Ronnie has now moved to a new home nearer to the centre of Northampton. The move happened rather quicker than anticipated and Ronnie was not able to say farewell personally to all her village friends. She also would like to thank everyone who has sent her their good wishes for the future.
- Keith Rees, an online reader of 'Collingtree News' in Australia, has been researching the Manning family who farmed in Collingtree in the early 1600's. Amongst his documents he has the Will of a Mary Manning made in 1648. It is witnessed by Horatio Woodhouse who was Rector of St Columba's for 37 years and survived the Civil War, Oliver Cromwell and the Restoration of Charles 2nd. Keith would like to hear from anyone who has links to the Manning family and can be contacted on: krees51@opusnet.com.au
- A reminder from Churchwarden John Green, that on Saturday 19th December, starting at 10am, there will be a 'full peal' of Collingtree Church Bells. This rare event is to celebrate the centenary of the recasting of all St Columba's bells in 1915. A new 5th bell had been donated by the Sears family and although recast, the bells were not rung until the ending of WW1 in 1918. The full peal will take three hours and although many will enjoy this once in a lifetime experience, others may feel it a good time to do some Christmas shopping!
