Carry On Cooking!

Weather forecasters like opinion pollsters deal in theory not facts - and are usually wrong! Despite a brief but unexpected downpour, the Village BBQ on 6th September sailed gaily on with an afternoon of music, entertainment and good food – all to raise funds for the fabric of St Columba's Church. Around 200 visitors, including children of all ages, enjoyed American burgers, chicken wings, sausage rings all donated by local firm Central Foods who are based at Maple Court, Collingtree. The Wooden Walls pub generously loaned their garden for the event and local band 'Error 404' entertained both adults and children until it became dark. Congratulations to all who made the event possible and a special mention for the cooking and serving team who carried on regardless of the weather.

Which way to Tipperary?

St Columba's Church has hosted many events in its 900 year history but seldom, a concert quite like the one held on 13th September. Its ancient walls echoed to the strains of 'Pack up your troubles', 'Keep the home fires burning', 'It's a long way to Tipperary' and other favourites from the WW1 period. The concert featured the Watling Singers Choir conducted by Hilary Dolan and highlights included a moving poem read by our own Baroness (Jill) Knight who also sang the old ballad 'When you and I

were young Maggie' and a lovely rendition of 'Roses of Picardy' by the choir's guest soloist.

The evening ended with choir, soloists and audience all joining together to sing 'Danny Boy' The concert, to raise funds for St Columba's fabric fund was particularly enjoyed by visitors from Collingtree Park Care Home, who were still singing along in the coach taking them home. (See back page)

PARISH COUNCIL NEWS PARISH CLERK: TESS TAYLOR 07729784653 E: collingtreeparishcouncil@gmail.com

Parish Council Meeting Minutes

The draft minutes of the Parish Council Meeting held on 10th September 2014 should be in the notice-boards by the end of September.

Ash Lane Traffic Calming

The scheme was discussed further at the Parish Council meeting on 10th September and a proposal has been put to Northamptonshire Highways for a 20mph limit in Ash Lane, ideally without road humps, and the possibility of an additional flashing speed sign. A request for a pedestrian crossing with protective railings for the east of the crossroads has also been included.

Financial matters

Following discussion, it was agreed that the funds given to provide additional presence by Police Community Support Officers (PCSOs) in the parish are not proving to be value for money. The re-

quired six months notice will be given that the Parish Council will not continue with this contractual arrangement after this financial year

PLANNING MATTERS**Golf Course development**

No further information has been gained but the Parish Council decided that with regard to this and the Howden proposal, it would be helpful to know the level of air pollution affecting the area. It was agreed that independent information would be sought and paid for if necessary.

Howden proposals for just south of M1 Junction 15

The comments already made by the Parish Council to Howden's about this proposal were read to the meeting and some further points and suggestions were discussed and noted. As mentioned above, it was agreed to check on

current air pollution readings in the area.

Silverstone Park & Ride Proposal

It has now been confirmed that the County Council land on Watering Lane has now been leased to a different, more local farmer.

Please make any contact with the Parish Council through the Clerk (details above)

Minutes of all meetings are placed in the Parish Council notice - boards and email versions can be gained from the Clerk.

The next meeting will be on 12th November at 7.30pm in Collingtree Village Room

Collingtree News is produced and delivered to every household each month, at no cost to the parish.

The support of the Parish Council and the Women's Institute is gratefully acknowledged. We also appreciate the support of our regular Sponsor, Central Foods.

Planning Roundup

There are many current planning proposals in the area that impact upon Collingtree and space does not allow a detailed description of each:

- The Bovis application to build 1000 houses has been with NBC for 12 months while they await the Planning Inspectors strategic report.
- In the short term, the NCC land on Watering Lane will return to agricultural use now that Silverstone has decided against using it as a Park & Ride.
- A planning application has yet to be put to SNC planners for the proposed 2m sq. ft Distribution Centre for Howden's, next to Junction 15

The common factor with all these proposals is the effect of traffic growth on air quality standards in the whole of the region and the need for independent and up to date measurement data. The Hunsbury and Collingtree Residents Alliance (HCRA) is seeking this data from NBC under Freedom of Information legislation. www.HCRA2013.co.uk
